## WEDDINGS

**Healing-Cleveland**  
At 11:30 a.m. on Wednesday, January 25th, St. Cyprian's Church, Lacombe, was the scene of a wedding of much interest to the community and district, when Florence Maude, daughter of Edward P. Cleveland, became the bride of John Alfred, son of Mr. and Mrs. Frank Key Healing, both of Mornington; the marriage being solemnized by the Rev. T. H. Chapman. The young couple were unattended, and the bride entered the church and walked up the aisle to the Chancel Steps to the strains of the wedding march rendered very pleasingly by Mrs. M. W. Forster, the organist of St. Cyprian's. A large number of relatives and friends of the happy pair were present, and participated in the beautiful Marriage service of the Church of England.

Messrs. E. P. Cleveland and John S. Myton signed the Parish Register as witnesses.

**Braithwaite-Cornors**  
At 2:15, on Tuesday, January 27, St. Cyprian's Rectory, Lacombe, was the scene of a quiet marriage when, Adda Jean, daughter of Mr. and Mrs. William Cornors, of Rimby, was united in the bonds of Holy Matrimony to William Thorp, son of Mr. and Mrs. William Dalton Braithwaite, of Halifax, England.

The marriage was solemnized by the Rev. T. H. Chapman, Rector of St. Cyprian's Church, in the presence of the bride's parents, and Mr. A. Bird, a friend of the groom. Mrs. Cornors and Mr. Bird signed the register as witnesses.

The bride is very popular in Rimby and wherever she is known, and has been very successful as a Public School teacher.

The groom served overseas during the Great War and, at present, the proprietor of a thriving business in the town of Rimby.

The happy young couple left on the afternoon train for Calgary, where they will spend their honeymoon.

## OBITUARY

**DEATH OF MRS. P. RIDDOCH**  
Mrs. Mary Josephine Riddoch, wife of Mr. Peter Riddoch, for many years resident of Lacombe, died very suddenly on Tuesday morning. Deceased had been unwell for a few days, but not seriously, and on the morning of her death was up and performing her household duties as usual. After the younger children had left for school, a doctor was sent down to get medicine for her and a few minutes after the girl returned, suffered a heart attack and was dead before medical aid could be summoned. Deceased was in her 49th year of age. She was a native of Ireland, where her immediate relatives still reside. Beside her husband she leaves to mourn the loss of a loving and indulgent mother, five children, three girls and two boys. The bereaved family has the sincerest sympathy of a large circle of friends in town and country.

The funeral is being held this afternoon from St. Andrew's United Church. Rev. R. B. Layton officiating.

## DEATH OF S. FRIZZELL

On Monday evening, death claimed another of the old timers of the district, in the person of Samuel Frizzell, aged 84 years and 9 months. Mr. Frizzell was born in Prince Edward Island and came to his district in 1900, where he farmed north of town for some years, eventually coming to Lacombe where he has since resided. He was a member of the Orange Order, for the past 67 years, having joined that organization before he was 18 years of age. On March 1, 1871, he was united in marriage to Mary Jane Cotton and had lived for another month, they have been happily married for their sixtieth anniversary. Mr. Frizzell leaves to mourn his loss, his widow and four sons, and two daughters: James I. H. Lester, George S. Alexander M.; Mrs. D. M. Reeves, all of Lacombe, and Mrs. E. A. Rowland, of Springfield, Ore. There are also 27 grandchildren and eleven great grandchildren, as well as five sisters and one brother, all in Prince Edward Island with the exception of one sister who lives near Boston.

Funeral services were held from St. Andrew's United Church at 2:30, on Wednesday, Rev. R. B. Layton, officiating.

## News of Clive

One of our oldest and most highly respected pioneers, Mrs. Jane Morton, aged eighty years, quietly and peacefully passed away at one a.m. Thursday morning, after a brief illness, at the home of her nephew, William Morton, Clive. Although she had been in failing health for some time yet her rather old-fashioned and deep devotion to the whole community. "She now rests from her labors."

Mrs. Morton came from Ontario over thirty years ago, with her husband. Then coming to Clive, they established a hotel and business block which is still in use. Her husband predeceased her some few years ago but she carried on

until a year or two ago. She leaves to mourn her loss a sister in Detroit and a niece, Mrs. Davies of Okotoks, a nephew, Mr. Henderson, of Pembroke, Mrs. J. Stewart, of Clive, and Mrs. Mrs. W. W. Morton, and family with whom she was always in closest touch of all her relatives.

Mrs. Morton was very active in all church work and a devout Christian, her home was ever open for community and church activities, and her departure will leave a great gap in the ranks of faithful pioneers.

A large cortege attended the memorial service held in the United Church, Sunday, Jan. 18, at 1:00 p.m. Pioneers were chosen for pallbearers and some of the old timers sang the hymn "My Saviour first of all." Beautiful floral tributes both personal and from various societies were brought. The service was conducted by the pastor, Rev. I. N. Hodgson and assisted by Dr. T. Powell, Supt. of Mission who was a former pastor, when the deceased resided in Lacombe.

Interment was made in the Lacombe cemetery.

The pallbearers were T. Breerton, C. T. Cote, John Elliott, D. Foren, A. C. Johnston, Geo. Reynolds.

Mr. Fred Higginson, Government Poultry Inspector visited this district over the week end and culled quite a number of flocks of chickens which were of one variety.

The W.C.T.U. met this week at the Baptist Church when much business was planned and arrangements made to attend the Big Prohibition Rally in Lacombe, on Tuesday, Feb. 3rd, when Ben. H. Spence, noted Temperance orator and advocate will give an address. All those interested are urged to attend.

Mr. W. H. Thomas had a serious accident on Friday evening last when he was kicked by a horse on the head and breast, breaking two ribs and causing a nasty wound over the eye. Dr. McNab was immediately summoned. The latest report states that he is recovering slowly and it is hoped he will suffer no complications or set-backs and return on the road to complete restoration.

Robt. Haskins, the local U.F.A. delegate attended the Annual Convention in Calgary last week and reports a very interesting time.

The L.O.L. District of Alexandria will hold its regular monthly meeting at Clive Orange Hall on Monday, Feb. 16th. Bro. H. Finch of Wetaskiwin presiding.

Mr. J. T. Reynolds has been making rather slow progress towards convalescence, which we greatly regret. His family has been in attendance from Calgary and Ennis during the past week. However, medical advice states that the recovery must necessarily be slow owing to the severe heart strains. His many friends look forward to his regaining his usual health.

## College News

We are again pleased to have Mr. and Mrs. Lopp with us. They are again bringing to us the beauties of nature in the form of paintings. Their plans are to spend several days at the college and Lacombe.

Mr. J. Pangman, left for Korbort, Saskatchewan where he will work his farm.

Elder D. C. Newbold, instructor of theology gave some striking facts about New York. Some of the points of interest were 771 miles of wharves, to which an ocean ship arrives every twenty minutes; the Jewish section, where much of the merchandise is carried around in little carts by street vendors; and the eighty-five story sky scrapers, with their ten thousand inhabitants. Elder Newbold also told us about the mail service, the elevator systems, the water supply, and the new bridge, the longest in the world, now being constructed across the Hudson River.

An illustrated lecture was given in the college chapel Sunday evening by Mr. H. L. Lopp, who brought with him a moving picture machine. The reels pointed out the beauty of the Canadian Rockies around Banff, around Lake Louise, the Northern Section of Manitoba, where is situated the Sherrit Gordon mines at the Pin Point. It made us realize that Canada has an unlimited supply of resources. General Lawrence's expedition to Arabia was pictured as was also husky travel in the northland.

The resident girls prepared a social for the resident boys Sunday evening from five to eight o'clock in the gymnasium. Judging by the expressions made, all must have had a period of relaxation and enjoyment.

## LACOMBE NOT SO BAD

Being shown Rev. Mr. Layton's tirade against liquor conditions in Lacombe. Const. English, A.P.P., showed great surprise. He said that in his experience Lacombe was one of the most law-abiding towns he was ever in and that law infractions were very uncommon—in fact negligible.

We are certain that if Mr. Layton just gives Mr. English a slip when he gets onto the nefarious actions of our boys and girls, he will bring the culprits to justice.

In the meantime, with a direct accusation that the children of our schools are using the basement of the building as a drinking den, the School Board should get busy and clean up the scandal. It is not in the interests of our town to have charges of this kind published to the world through the newspapers of the Province.

## BIG ICE CARNIVAL AT RED DEER

The Red Deer Rotary Club are staging a big Ice Carnival and Races on Friday evening, Feb. 6th in the Red Deer arena. A wonderful programme of fancy, figure and trick skating will be put on by twenty-five members of the Calgary Skating Club, all in costume. There will be a relay race open to teams of four boys, 6 years and under, from any school in Central Alberta. There will also be boys and girls' races. Entries for the relay race are expected from Stettler, Edville, Sylvan Lake, Lacombe, Innisfail, Bowden and Oids—a number of them are already in. The programme to be put on by the members of the Calgary Skating Club is entirely new to Central Alberta and should prove highly entertaining and instructive. There will be skating after the events are run off.

## LACOMBE OUT AHEAD IN PLAYOFF

A large and enthusiastic crowd of hockey fans packed the rink on Tuesday night to witness the game between Stettler and Lacombe, in which Stettler was beaten 4 to 1. This was the first game of the Big Four Playoff, and it should put Lacombe in a secure position, as Stettler has three goals lead to overcome. The return game will be held at Stettler on Monday night, and a large crowd of Lacombe fans is expected.

Victoria, B.C.—Compulsory auto insurance by the Government, it was learned Monday.

## Quebec Sets Pace In Winter Sports

Winter sports, in the most historic city of the American continent—Old Quebec, cradle of New World civilization, with the Canadian Pacific Railway's beautiful Chateau Frontenac Hotel as headquarters, are again proving a drawing card for devotees from all parts of Eastern Canada and the United States. The great hotel, with its long, fast toboggan-slides on Dufferin Terrace and its spacious skating-rink just outside its doors, offers something unique in the way of comfort for sports-lovers. Quebec, too, boasts a fine ski-jump and plentiful opportunities for cross-country work either on skis or snowshoes. Curling, hockey and sleighing are also staples of the winter's program, most events being rounded off with dancing in the evening.

The season is now in full swing; the International Snowshoe Convention and the ice-canoe race across the St. Lawrence on January 31 and February 1; the famous Eastern Dog-Sled Derby on February 19, 20 and 21, followed by the traditional Maquerade Ball in the Chateau Frontenac's gorgeous ball-room, being among the high-lights.

For picturesqueness, Canada's Ancient Capital can hold its own with any city in the world and the surrounding countryside offers a host of opportunities for excursions. Snow conditions, following the great January storm, are reported excellent and those who have visited the Chateau Frontenac, either in winter or in summer, are loathe to let it pass for hospitality, accommodation and cuisine is indeed well-earned.

The pictures show: above: a typical dog-team and right, the majestic Chateau Frontenac, towering over Quebec's Lower Town; upper centre and lower-left: ski-jumpers and, below: visitors out for a run in the Chateau Frontenac's dog-sleigh. The very youthful and middle-aged are typical of how young Quebec takes to winter sports, which have become famous throughout the American continent and bring visitors and competitors over Canadian Pacific lines from most of the larger centres of Eastern Canada and the United States.

## The News in Brief

New London, Conn.—Partly disabled by coastguard gunfire, the British motorship *Tomiscous*, believed from St. Johns, N.F., carrying a crew of six, and a liquor cargo valued at \$75,000, was captured on Monday, off Culloden Point, on the north shore of the British Isles. The boat, a 65 ft. craft, powered by three engines, was to be taken from port Monday, to New York, where the crew will be arraigned on smuggling charges. Two one-pound shells fired by the C.G. 288, after the boat had ignored warning shots, tore through the British boat. One of the shells crashed through a fuel tank above the deck, and flooded the crafts engine room with gasoline. The other shell entered the engine room, damaging a switch, and preventing full power operation. One of the crew of the British boat is reported missing, but it is thought that he was left at St. Pierre, when the boat took on its cargo of liquor.

Cambridge, Mass.—Dr. Leon Campbell, instructor of astronomy of Harvard University, died on Monday, that he was confident that the planets Mars and Venus, have some forms of life. "We have no right to assume," Dr. Campbell said, "that we are the only people in the universe. There are billions of suns just like ours, and much larger than ours. Such suns each have their different planets."

William's Lake—Ogopogo is blamed for a 4 or 5 ft. crack, extending almost across the ice, in Williams Lake, and fear of the monster is keeping the Indians off the lake. Nelice Belleau, the Quebec Frenchman, who claims to have hooked and broken the jaws of Ogopogo two years ago, is prepared to try conclusions with this giant one more. His outfit consists of two hooks, facing each other, attached to a strong rope. He claims that when the creature grabs the baited hooks one hook will sink into the roof of the mouth, and the other will be embedded in the lower jaw.

## PROHIBITION IN THE U.S.

Reed City, Mich., Jan. 19.—Residents of this village have received official notice to stop throwing corn whisky mash in the sewers. It damages the sewer pipes.

In the last edition of the village weekly a notice appeared cautioning the citizens to be careful on this matter.

"I especially desire," the notice concluded, "that the parties making corn whisky throw their old mash some place other than in the sewer."

"Signed, Ben Burges, village marshal."

## COMMERCIAL FERTILIZER

On Monday afternoon representatives of the Consolidated Mining and Smelting Co., who are putting a phosphate fertilizer on the market, gave an illustrated talk on the benefits derived from the use of this farming aid. Several actual photographs of the results of its use on local farms were shown.

Wheat in common with other crops tested, had proved very responsive

to fertilizer treatment. Tillering or stooling, for example has been increased from 40 to 60 per cent. and effect in root development has been equally marked, while under certain conditions maturity has been advanced as much as six to twelve days and yields increased 20 to 30 bushels. Six maximum yield records exceeding 90 bushels per acre have in fact been established at the Brooks station through the use of fertilizers.

## CARD OF THANKS

We sincerely wish to convey our heart-felt thanks and deep appreciation for the great kindness manifested during the illness of the late beloved Mrs. Jane Morton, and at the time of her death, for the comfort and floral tributes given.

## BOARD OF TRADE HAS ENJOYABLE BANQUET

About two hundred and fifty persons assembled at the Church Hall on Thursday evening last, when the Agricultural Society and Board of Trade held their annual banquet in honor of "Those who have brought credit to the Lacombe District."

G. E. DeLong, president of the Board of Trade presided in the chair, and after asking those assembled to observe a one minutes silence as a mark of respect to N. E. Carruthers, he introduced Thos. Wilkes, who led those present in a few minutes of community singing.

The first speaker, Mayor G. T. Jackson, welcomed the guests and extended his congratulations to those for whom the banquet was given. He said that the products of the Lacombe District were famed from coast to coast, and that it was for that reason that the banquet was being held, to show in some way the appreciation of those living in this community for the credit the Guests of Honour had brought to Lacombe, in their several lines of endeavor.

After introducing the guests, Mr. Jackson called upon A. Halkett, General Superintendent of the C.P.R. who then took the platform.  
Mr. Halkett's speech was the main one of the evening. He brought to the people of Lacombe a message of cheer and optimism. His first message was one of sympathy to the Lacombe people in the loss of Mr. Carruthers, who he said, "Was a man of sterling character and one hard to replace in Alberta. He then thanked the chairman for the kind words spoken by him, in regard to Mr. Jackson and the C.P.R. in general. Mr. Halkett reviewed the advancement of transportation during the past 106 years, as which time the first locomotive went into action. He also outlined the advancement in communication from the time of the foot messenger to the era of telegraphs and radios.

In dealing with the question of the Grade Crossing menace, Mr. Halkett said that the law should be more rigidly enforced if the loss of life in this way was to be curbed. "The train can not dodge the auto," he said, "and to eliminate every grade crossing would cost a sum of money in excess of the National debt of the country. A law should be passed making every car come to a dead stop before proceeding across the tracks." In closing, he said: "The present crisis in the history of the country is only temporary and that there better times ahead."

H. B. Smith, Assistant Editor of the West-Week Farmer, addressed the audience to some length, telling them the manner in which a "Master Farmer" was chosen, and he called upon P. C. Switzer, Master Farmer of the district to state his views on the movement.

Mr. Switzer, in a pleasing talk gave his experience with the Master Farmer's movement. He told of his surprise when he was notified that he was the nominee of the Lacombe Agricultural Society to represent this district. The object of the Master Farmer was not to judge mainly from a dollar basis, but to find out just how successful he had been in building up a real farm home, well equipped for carrying on his business, providing the comforts and joys of a good home, and a happy and contented homelife for himself and family. His knowledge and application of the best farming methods was also carefully examined, as was his standing in the community. He was justly proud of the very great honor conferred upon him, and he thanked the friends in this district for all the kind things said about him.

P. H. Reed, Supt. of the Dominion Experimental Station, Lacombe, then enumerated some of the more prominent men who have brought honour to Lacombe. Men who had exhibited in far distant places, and had won prizes in competition against the whole of Alberta, and many times in competition against the whole of Canada, and the world at large. Marshall Douglass and Pete Morrison, with their horses. J. W. Biglands and Sons, who made a clean sweep of the Class "B" fair last year with his cattle. Joe. Roper, Jim Metcalf, and A. W. Sharp and Sons and Margaret Roper, who exhibited the champion Hereford Calf at the Calgary fall show. Sam. Henderson who won third prize at the Royal Winter Fair, Toronto, with his 2 young bulls. McKenzie Bros., whose car load of young steers won the Championship at Saskatoon, and were among the higher prize winners at Edmonton and Brandon. J. L. Walters, who took third prize at Calgary with a carload of 2 year olds. Standing Field Competitions, were won on oats by C. R. Abbott, Hugh Reed and J. Metcalf, and Wheat was won by W. A. Johnston.

Seed Fair winners were: Roward Wheat, Archie Chiswell; Garnet, Orm Young; Open class, J. Biglands; Winter Wheat, F. Stewart; Oats, Victory, C. Bauer; Banner, C. R. Abbott; Barley J. Biglands; Brome, J. Laing; Potatoes, White, J. Bradley; Red, O. Johnston; Corn, J. Laing, white; Yellow, D. Bowden.

Girls and Boys judging competition at the Seed Fair, won by Edward Chessor and Bill Douglas.  
Besides the winners as above, the speaker spoke of the appointment of Hon. Irene Parby by R. B. Bennett to represent Canada at the International Conference at Geneva, and the awarding Percy A. Switzer the de-

gree of Master Farmer, as the highest honours brought to the district this year.

Robt. MacKenzie in response to Mr. Reed's speech, said, "The stock I have seen in the district this year, will doubtless bring greater honors to Lacombe than ever."

He thanked Thos. Wilkes for the time and trouble he spent in connection with the District Exhibit at the Edmonton and Calgary Exhibitions, at which places the Exhibit won first and second places respectively.

W. F. Puffer and Dr. E. M. Sharpe, moved a vote of thanks to the speakers and the evening was brought to a close by Thos. Wilkes and Robt. Bird in a Comic Duet, "How Time Flies."

Mention should also be made of the delightful selections rendered by our ladies' quartette, composed of Mrs. John MacDonald, Mrs. Thos. Wilkes, Miss Helen Barbour and Miss Edith Sims, whose singing was most heartily enjoyed.

## Lacombe is a Tough Town?

In an address to the W.C.T.U. at Stettler last week, Rev. R. B. Layton gave his hearers an careful when he told of the deplorable conditions in Lacombe as regards the liquor traffic. Mr. Layton, according to the report of his speech in the Stettler Independent, said, among other things:

"I came to this province in 1924, just at the close of the Prohibition regime, and I saw nothing of bootleggers running rampant, or thick as sparrows in a hedge, nor did I see you degraded and debauched young men and women (and many educated at that) addicts to drink, as we see all about us today."  
"I did not in those days see or hear of young girls drunk in dance halls, in autos, in public eating places, nor high school boys and girls in the basement drinking liquor, while the dance was going on, as happened recently in my own 'Town'."

The above quotation appears to be pretty strong, but we must make allowance for the fact that he was talking to an audience that craved that kind of stuff, and so we do not take it so very seriously. In this world we all try to give our clients what they are looking for.

When Mr. Layton is aware of the terrible conditions in Lacombe, we think he is very derelict in his duties when he does not report infractions of the law to the proper authorities. The liquor control Board will put the entire enforcement machinery of the Province at his disposal, and any case he may report will be prosecuted to the limit.

As to not seeing bootleggers who were with us in Lacombe during prohibition, this fact is possibly due to the feeling of the bootleggers that Mr. Layton was not in the market for their products, and did not give him the number of their license plates. However, regular visits were made to Lacombe, as most of our citizens know.

We think Mr. Layton should have taken the matter of school children drinking liquor in the basement of the school to the School Board as soon as he learned of the disgraceful affair. The Board is entirely ignorant of these conditions, and his remarks at Stettler came as a terrible shock to them. It is up to the School Board to make a thorough investigation of the charge.

In his address Mr. Layton spoke of the advertising being put before the public by the Moderation League, and classed every newspaper in Alberta as being "Wet" because they carried these advertisements. We will inform Mr. Layton that there is not one "Wet" newspaper in the Province. Our columns are open to all legitimate advertisers. Mr. Layton might as well call the United Church a "Wet" institution because a portion of its support came from people connected in one way or another with the liquor concerns. There is not a newspaper in Alberta that would not gladly and strongly support prohibition if any assurance of being able to enforce it could be given. Prohibition has always been a farce so far as this continent is concerned, and we would sooner see the liquor traffic controlled consistently by a "Dry" government, such as we have in Alberta, than to have the prevalence at the mercy of a bunch of bootlegging desperados who recognize no law whatever.

### HER CROSS LITTLE BOY WOULDN'T EAT OR SLEEP

"My little son had poor appetite, couldn't sleep and was cross. I gave him Vinol and it ended these troubles like magic." Mrs. L. DuCrest.  
Vinol supplies the body important mineral elements of iron, calcium, with cod liver peptone. This is just what thin, nervous children or adults need, and the QUICK results are surprising. The very FIRST bottle brings sound sleep and a BIG appetite. Vinol tastes delicious! Sweet's Pharmacy.

## What's Doing

Remember the dance tomorrow night at Olive, Star 5-piece orchestra.

Bombay—Mahatma Gandhi released from Poona prison at 11 a.m. Monday, reached Bombay by train shortly after 6 o'clock Tuesday morning.

Baltimore—Officials of a Baltimore Airport were informed Monday night that Honorable Mrs. Victor Bruce, British aviatrice, flying from Pittsburgh to Baltimore was forced down in a field near Tanpahanock, V. The report said she was uninjured and the plane undamaged.

Funny it always happens like this. We have never yet heard of a runner being captured who did not claim he was outside the 12-mile limit, and that his captor was drunk. The run-runner is always right, it would appear.

Come! see and hear "The Deacon Slips."

Remember the hockey game tonight in the local arena. Ponoka will be here to play the postponed game. A real match is sure to take place.

Rev. Ben. Spence, who helped put over prohibition in the U.S. is now assisting in the Alberta campaign. If Mr. Spence gives Alberta the same kind of prohibition as is enjoyed by our American cousins, all we can say is—God help Alberta.

A meeting of Lacombe Certified Potato Growers Associations will be held in Lincoln Community Hall on Wednesday, Feb. 4th, at 8 p.m. All those interested in the growing of Potatoes are cordially invited.

On Tuesday, Feb. 12th, the W.I. will give a Valentine card party at the home of Mrs. W. Teward, commencing sharply at 3 p.m. All who are interested in W.I. work or who wish to enjoy an afternoon of what are cordially invited. Further particulars next week.

Dance at Olive tomorrow, (Friday) night—Star Orchestra.

Winnipeg—An unidentified man found frozen to death in a refrigerator car at the C.N.R. yards this afternoon. The car has been in the yards for two days, and it is possible that the victim had been dead for a much greater length of time.

Ottawa—There is a new map maker in England, who is not very well up in his Canada. An English made atlas, recently given to Public School students here, lists Montreal as the capital of the Dominion.

Cayuga Salve—Come and see it work on "The Deacon Slips."

Peterboro, Ont.: Leonard Mathews, former constable, pleaded guilty to all charges of burglary, involving \$1,373, in police court here Tuesday. Mathews was sentenced to nine months in the Ontario reformatory. He committed the burglaries while a member of the police force.

The election of officers for community meetings and to take charge of community funds will take place at the social held in Lakeside School on Feb. 6th.

Be sure you're free to come and see "The Deacon Slips."

The regular monthly meeting of the Y.W.A. of St. Andrew's United Church met at the home of Mrs. Layton on the evening of January 13th. There were eight members present. The meeting opened with the President, Mrs. Wilson in the chair. After the usual opening exercises, the business of the evening was proceeded with. The Secretary, Miss L. B. Sharpe gave a summary of the year's work and it was found that in spite of the hard times we had raised a splendid sum of money which has been used for the Missionary cause both at home and abroad. It was decided to start work at once for the Bazaar next Fall and a committee was appointed to do the buying for same. The study of Mission work in Japan was taken up and is a most interesting one. Our evening concluded with refreshments served by our hostesses and a very enjoyable social hour was spent. We cordially invite any young lady who is not at present engaged in work of this kind to join with us. J. Moke, Press Secretary.

Come see our "Leslie" present his badge and win the trick with "Deacon Slips."

Don't forget the big dance at Olive on Friday (tomorrow) night. The Star 5-piece orchestra will play, so be there for a real good time.

RED DEER LOSES TO LACOMBE  
In a good, fast game of hockey, played on the Lacombe arena on Saturday night last in the Tip Top Series Red Deer was downed to defeat to the tune of 6 to 1. Although the score does sound a little lopsided, it was a fast game and everybody present got the worth of their money. Lacombe's team is stepping high and fans are in for some real hockey now that the play-offs have started.

## NEW YORK NURSE

MISS EDNA WANNENBERG says no one can take course of Sargon without being greatly benefited.

"For three or four years I suffered from sluggish liver and constipation. My skin was sallow. I had no ambition or desire to work. I was nervous and dizzy, had severe headaches and could not sleep. "It is nothing, short of remarkable the way Sargon and Sargon and Sargon Miss Pills relieved me of these troubles. I am now simply bubbling over with new energy and vitality. I do not believe it possible for anyone suffering as I was to take a course of Sargon without being benefited. Miss Wannenberg lives at 112 E-81st St., New York City. Sold by McDermaid Drug Co., Ltd., in Lacombe.

## PROVIDES MR. SPENCE WITH "HORRIBLE EXAMPLE"

Prohibition lectures are as a rule pretty flat affairs, and if the speaker cannot furnish his hearers with a "horrible example," the average audience fails to get a real "kick" out of it. These audiences invariably come prepared to be shocked and provided with material for a couple of days' gossip. If the speaker fails in this respect he is considered to be just half-hearted in his work. Rev. Mr. Layton is bringing in Rev. Ben Spence, a prominent U.S. prohibitionist, who has in no small measure helped to give our American cousins the brand of prohibition they are now enjoying. Mr. Spence will have no difficulty in providing his "horrible example;" Mr. Layton's reported statement at Stettler as to the deplorable conditions in Lacombe and the debauching of our high school students by liquor in the basement of our school, will provide him with a text which he should grasp with alacrity.

## WOODMEN HOLD PICTURE SHOW FEBRUARY 4th

The local Woodmen are putting on an educational programme in the Avalon Theatre on Wednesday evening next, February 4th. The programme will consist of a 2-reel Sanatorium picture "The Man Who Made a Game of His Work," the working of the Woodmen's sanatorium; 2 comedies, "Eddie Foy, in the Heart Breaker," and "I-Told You So;" the C.P.R. is also furnishing a Canadian film "Niagara Falls" and "Sporting Waters." This will be a most interesting and entertaining and everybody is invited to attend—Free. This entertainment is in the interests of the Woodmen's Camp here, and all expenses are being paid by the order. There is just one reservation—the Woodmen would like to see children under 16 accompanied by their parents; but this will not be insisted on. Remember the date—November 4, Avalon Theatre. Admission—FREE.

## THE BURNS CONCERT

The anniversary of the immortal Robbie Burns was fittingly celebrated and remembered by the large crowd who gathered at Spruceville on Friday last. Numbers of every description were rendered by the large gathering of artists present. Among those who took part in the programme were: Mrs. John McDonald, Mrs. T. Wilkes, Miss Barbour, Miss Sims, Mr. J. N. B. MacDonald, Mr. Cameron Fraser, Mr. Rhind, Mr. T. Wilkes, Harold Olafson, Mr. and Mrs. Harold Woody, Mr. and Mrs. Noel Woody, Miss Margaret Woody; Mr. Chas. McDougall; and a number of pupils from Mountain Grove School.

The Lacombe Star Orchestra supplied the music for the dance, and a large number of dancers were present. The dances featured were the real old timers such as: Quadrilles, Scotch Reels, Circasian Circles, Polkas, Minuets, Spanish Waltzes, Highland Schottisches, etc. Besides these old timers, the visitors got their share of the newer dances, and everyone present was satisfied.

A whole lot of credit is due to Mr. J. N. B. MacDonald, who acted as chairman of the programme and also assisted greatly in playing with the Star Orchestra in the various Scottish numbers.

Mr. J. Darroch and Mr. Leslie Bodon who had charge of the arrangements, certainly had everything well in hand, and the entire programme went through without a delay. They are to be congratulated for their good work, as they spared no effort in order to show everyone a good time.

Last, but by no means least, a big

hand is coming to Jack Roberts, who managed the event. He is certainly a most capable floor-manager, and excelled himself last Friday night.

## EDMONTON TAKES ASHE CUP

Two rinks from the Royal Club, Edmonton, shipped by Theo. Dark and Jack MacKenzie, came down on Tuesday to contest our locals for the Ashe Trophy. In a keenly contested match, our northern friends succeeded in defeating Lacombe's defenders, skipped by Theo. Lorimer and David Hay.

## JACKFISH CARD PARTY

Be sure and attend the card party at the Mt. Grove (Jackfish) School on Saturday evening next, (January 31st). An enjoyable evening awaits you, so don't miss it.

## BOARD OF TRADE LUNCHEON FEBRUARY 5

A Board of Trade luncheon will be held in the Adolph hotel at noon, 12:30 on Thursday, February 5th. Mr. Mooney, Managing Director of the World's Grain Exhibition at Regina in 1922 and E. J. Field, Crop Commissioner for the province of Alberta will be the speakers.

This luncheon will be a trip around the Experimental Station. Cars will be available for this trip.

Farmers who are considering about grain at Regina in 1922 should make an effort to be present at this luncheon, while all business men should endeavour to make the trip around the Experimental Station and see for themselves the contribution the Experimental Station is making to the district and to the province as a whole.

## NEW CANADIAN CHAMPIONS

Four new kings in the juvenile livestock judging world of Canada were crowned at the Royal Winter Fair in Toronto, when two teams of two boys, each from Alberta, won the Canadian championship in boys' and girls' swine club and cattle contests, which are conducted annually at the Royal under the auspices of the Canadian National Railway. Left to right in the picture are W. D. Robb, vice-president C.N.R., and donor of the Robb Trophy, emblematic of Canadian championship in cattle club work. Twenty-four boys and girls from all the provinces competed in these contests.

**Dominion Government Gives Lacombe Agricultural College**

It will be good news for the people of Lacombe and district that the federal department of agriculture is planning the construction of a farm school with accommodation for 50 pupils and a dormitory in conjunction with the experimental farm at Lacombe where practical farming will be taught. Hon. R. H. Weir, minister of agriculture stated Friday, on his arrival in Calgary from Ottawa.

Then Mr. Weir, after addressing a meeting of Alberta livestock men here, left for Olds by automobile, accompanied by Hon. G. H. Hoadley, minister of Health and Agriculture in the provincial government. The provincial farm school at Olds was inspected. Owing to pressing engagements, Mr. Weir was unable to visit Lacombe on this tour.

The minister made it clear that practical farming only will be taught at the new school. It had been felt for some time, he said, that the valuable information made available through the operation of the experimental farm could be put to better use if pupils were right on the ground. Livestock feeding of all kinds will also be included in the curriculum," Mr. Weir said.

**Funeral of N. E. Carruthers**

Impressive ceremonies marked the funeral of Norman E. Carruthers, secretary-treasurer of the town of Lacombe, who died suddenly Tuesday forenoon. At noon Thursday, under direction of Fire Chief W. Sage, the body was conveyed by the fire truck from the family residence to St. Andrew's United Church, where it was placed amid a bank of flowers.

There the casket was opened, and while members of the fire department stood guard, a continuous line of people filed past. People from near and far not only crowded the main auditorium of the church, but filled the ante rooms as well, and many were obliged to stand outside during the service. About 1000 were present. Two hundred and fifty Masons from all points in the province were in attendance, the pall-bearers being W. M. Conacher, Calgary; J. H. W. S. Keen, Calgary; W. J. Botterill, Red Deer; Judge John Jackson, Lethbridge; Horace P. Reed, Edmonton;

John T. Macdonald, Calgary, all past grand masters of the Masonic Grand Lodge. Other officials present were: Dr. Sneddon, grand master, Ponoka; John Bauhuw, A. Scottier, of the Department of Municipal Affairs, Edmonton; John T. Ross, Deputy Minister of Education; W. D. Henry, ex-Mayor of Edmonton; M. J. McLeod, Jack Rae, Sheriff, Edmonton. Church services were in charge of Rev. R. B. Layton, assisted by Capt. K. C. McLeod and Rev. William Hollingsworth of Edmonton, all lifelong friends of the deceased.

**George Hutton, Sr. Accidentally Killed**

Geo. Hutton, well known in Lacombe, father of the late G. H. Hutton, former superintendent of the Experimental Station here, was killed on Friday last in Calgary.

As Mr. Hutton stepped from the curb slightly south of Thirty-fourth avenue, a car rounded the bend proceeding south on the street. The driver of the car, H. R. Carson, 234 Thirty-ninth avenue west, stated to the police that he noticed the aged man near the street car tracks and he applied his brakes. As he did so he turned into the curb, but Mr. Hutton in attempting to get out of the path of the car, stepped backwards. Mr. Carson was unable to avoid him and Mr. Hutton was struck by the left fender of the car.

Another car driven by Emil Sick, 1091 Twenty-first avenue west appeared on the scene of the accident, and took the injured man to the Holy Cross Hospital. Mr. Hutton died, however, enroute to the hospital. The funeral was held on Tuesday from Lacombe station, and was attended by many friends of the deceased family.

**PONOKA DEFEATED IN FAST OVERTIME GAME**

It was a thrilling game that was witnessed by a large crowd of fans on Thursday at Ponoka, when in a 70 minute game, Ponoka lost to Lacombe by a score of 3 to 2. The ice was in perfect shape and a large crowd was in attendance which made conditions ideal for fast hockey. Ponoka was out to win, as it was their only chance to get in the playoffs, and they played real hockey, but could not overcome our boys, no matter how they tried. It was a heart-breaker for Ponoka, as they are now

completely out of the playoff. Vern Longman, who handled the bell did so in masterly fashion, and his decisions were all fair and impartial. The scoring for Lacombe was done by Calkins, Brooks, and Fraser. Scoring by Ponoka was done by Lux and Hayes.

**MILTON NEWS**

A kitchen shower was held at the home of Mrs. Robottom last Wednesday afternoon, for the bride to be Miss Florence Cleveland, at which a large gathering of neighbors and friends assembled. Miss Laura Robottom entered the guests room and presented a wagon load of gifts accompanied with a few appropriate words to suit the occasion. The bride-to-be in her usual charming manner, after opening the parcels and reading the accompanying cards expressed her appreciation and thanks to all. After which a dainty luncheon was served.

**MEADOWBROOK NEWS**

Mr. and Mrs. John Eadie visited in this district last Wednesday evening on their way home from seeing Mr. Jim Eadie.

Rev. Mr. Wright held church services in the schoolhouse last Tuesday evening. After church service the annual meeting was conducted. It was moved and carried that the members of the church board remain the same as last year with the exception of Mr. P. Frizell, resigning and Mr. Kinley suggested in his place. Mrs. J. Long still remains Secretary-Treasurer.

Miss Myrtle Riley is staying with the school teacher, Miss Wetzel, at Herb. Rileys, during Mrs. Riley's visit in the East.

Mr. Will Kinley has a new garage built for his Overland car.

Mr. and Mrs. Clifton Long and family were visitors at the home of Mr. and Mrs. Irvin Gottschlich.

Messrs. Unwin and Scroggins are drilling a well for Billy Sharpe now.

Word has been received that Clifford Aikman formerly of this district was married at Cammore, Alta., recently.

Mr. and Mrs. Less Steers and daughter were Sunday visitors in the district.

We note that a financier blames the present slump in business to the changed method of spending of our people. He is wrong. The changed method in our spending is caused by the slump.
